PADDOCK
POOL EQUIPMENT COMPANY

STARTING PLATFORMS

Paddock's starting platforms all feature a sturdy dual post stainless steel frame with a solid slip-resistant top. Built to meet FINA, NCAA, USMS, NFSHSA, and USA Swimming rules.

Our line up of Starting Platforms are created for all levels of swimming, from elite competitors to those just learning the sport of competitive swimming. All models, i.e., FastTrack, Track Start, and EZ Set II use the same anchorage, making upgrading platforms simple.

FEATURES & BENEFITS

- Quickly and easily removable
- Lane numbers visible from all sides
- Backstroke starting bar flush with front edge of platform
- Slip-resistant surfaces on platform, wedge, & step
- Anchor assemblies with 19" spacing

OPTIONS

- Custom colors & logos available for non-skid
- Loose anchors for retro installation

4912: FAST TRACK

- Sturdy side rails with grips
- Adjustable spring loaded locking nut secures wedge to side rails
- 15 locations to fit any swimmer's preferences
- Wedge easily adjusts with single-hand operation
- Platform is 24" wide x 32" long

Setting the standard for American-made pools since 1922
